Terms of Service

Window Treatment Repair Services

We offer limited repair services for some types of window treatments.

Please be aware, that on the first visit we will bill you for a service call (rates vary based on location); however, this fee may be waived at the installer's discretion.

Also be advised that not every situation can be repaired and not every repair can be performed on the first visit. Occasionally replacement parts will have to be requested from the manufacturer in order to complete the repair. Any costs associated with ordering replacement parts will be the responsibility of the customer and will be included in the final invoice.

Unless other arrangements are made in advance, payment of the final invoice is due upon the completion of the repair work.
